Returning Resident Process

Current residents who want to return for next Fall will participate in the Returning Resident process in the Spring.

Detailed information on the process will be available in February.

Keep an eye out for emails, social media posts, and information sessions.

The Returning Resident housing application process will run from mid February through the beginning of May.

Frequently Asked Questions for Returning Residents

Who is eligible to return next Fall?

All current residents who will be enrolled as a full-time student for Fall 2018 and are in good financial and judicial standing will be allowed to apply to the residence community.

Do I have to reapply online?

Yes, as a current Housing resident you will need to complete the License Agreement and pay the Initial \$300 payment.

Where will I turn in my License Agreement?

License Agreements will be completed online, and do not need to be physically turned in.

Can I pick my preferred roommate?

Returning Residents may choose roommates and apartment-mates during the Self-Selection process.

In order to be placed together, all residents must choose one another. Residents should make sure they are picking a room and apartment type that matches their potential roommates (for example, four students cannot all ask for single occupancy rooms).

Students will receive details in February through email sent to their SF State email account.

Please make sure to check your email regularly and also follow us on our social media accounts for day to day updates!
