ABOUT THIS GUIDE

The Community Living Standards Guide is intended to help you transition into your new home at SF State and to help you navigate the exciting experience of living on campus.

Although this guide seems like a lot of information, it is important that you familiarize yourself with all of its content as you will be held accountable for knowing and following the policies and regulations contained herein.

OUR COMMUNITY PHILOSOPHY

Our community is composed of people from diverse racial, ethnic, and class backgrounds, national origins, religious and political beliefs, physical abilities, and sexual orientations.

Out of this diversity, we take pride in being a community that not only encourages positive interactions and mutual respect, but that also appreciates our common bonds as well as our individual differences.

The success of being a connected and inclusive residential community requires that we not only adhere to these principles, but that we take responsibility for our awareness and actions towards all of our community members.

Community life is...

Inclusive

All are welcome! No matter where you're from, what you've learned, or who you think you'll be - we're ready to be the next chapter in your story. Since 1899, SF State has championed equity and community inclusion, and we envision a world in which every student is empowered to pursue their educational dreams bravely, confidently and passionately.

Engaging

College is not just about academic achievements; it's also a time to build relationships, create lasting memories, and discover your place in the world. By actively involving yourself in the college community, you can embrace the sense of belonging that will enrich your college experience and stay with you long after graduation.

Inspiring

Through our inclusive campus life, our thought-provoking faculty and academics, our supportive student services and location in the City of San Francisco, Biotech Bay and Silicon Valley, we ignite the power of education for all, so our students can go on to make a positive impact in their communities and the world.

Transformative

Fostering a sense of belonging is crucial for your personal and academic growth during your college journey. As you embark on this transformative phase of life, we encourage you to actively get involved in various aspects of campus life to cultivate this essential feeling of connectedness. Embrace this opportunity and make the most of your college years!

THINGS TO KNOW ABOUT YOUR COMMUNITY

Our residential communities have a network of support staff focused on assisting residents so that they are successful both in and out of the classroom.

Each community has a support desk and in-house student leaders committed to connecting you to resources and opportunities that will help you make the most of your on-campus experience.

STUDENT LEADERSHIP

RESIDENTIAL ASSISTANTS RA

Resident Assistants (RA) are students who have experience living in residential communities and are familiar with what it takes to make the most of your experience here. Each RA has been carefully selected based on their ability to show concern for students and to help make your living environment positive and educationally enriching. RAs are trained to serve as community builders, activity advisors, group facilitators, referral agents and to answer questions.

LEAD DESK ASSISTANTS LDA

The Lead Desk Assistant (LDA) position assists with the daily operations of their respective community desk and provides quality customer service to the residential community. While co-supervising Desk Assistants (DA), the LDA is expected to understand and perform all DA tasks and procedures in addition to administrative and supervisory responsibilities.

PROGRAM ASSISTANTS PA

Program Assistants (PA) are students who are specifically selected to facilitate learning, programming, and outreach in various learning topics. They collaborate with RAs to meet residents' needs around their assigned focus area. PAs are trained to provide resources, support residents, and collaborate with campus partners to bring different education opportunities to their respective residential communities.

PROFESSIONAL STAFF LEADERSHIP

Professional staff leaders are skilled in conflict resolution, advising, crisis intervention, resource referral, and administrative management.

AREA COORDINATORS AC

A full-time professional Area Coordinator (AC) oversees each Residential Community and can be contacted through your community front desk. ACs supervise Residential Coordinators and serve in a case manager role to support student learning, development, and success.

RESIDENTIAL COORDINATORS RC

Residential Education RC

Full-time professional team members who supervise Resident Assistants in a specific community.

Community Desk RC (CDRC)

THINGS TO KNOW ABOUT YOUR BUILDING

BUILDING ACCESS

Your SF State Student ID provides access to the main doors of your building. If you lose this card, go to One-Stop Student Services Center located across from Village Building C to replace it.

In order to maintain the security of our residential communities, residents are required to show their Student ID to the Desk Assistant (DA) every time they enter their building. The DA must be able to clearly see the photo identification on your Student ID. If you refuse to show your Student ID, you may be documented and undergo the Residential Life conduct process.

- ▶ Take shorter showers & turn the water off when shaving & brushing your teeth.

THINGS TO KNOW ABOUT YOUR LIVING SPACE

You and your roommates will likely be sharing a living space for the entire year, so it's important that you talk about how you want to arrange and decorate your living space so that you can live in it comfortably. Together, you should also decide on general cleanliness standards as well as how the larger cleaning tasks will be divided.

RENTERS INSURANCE

As a benefit of living on campus, residents will have \$100,000 in liability insurance provided for them through SF State and GradGuard. This coverage is included in your housing fees and protects you financially from unintentional damage due to fire, water and other causes of loss to University property caused by your negligence. SF State is not responsible for damage, theft or loss of student's personal belongings. For information about renters insurance to cover your personal belongings, visit housing.sfsu.edu/renters-insurance.

Cleaning Tips

CLEAN ON A REGULAR BASIS

Sweep, mop or vacuum floors and clean all surfaces and frequently touched objects on a regular basis.

USE THE RIGHT CLEANING SUPPLIES

When cleaning surfaces, use a mild detergent instead of chlorine bleach or abrasive powdered cleansers.

EMPTY TRASH REGULARLY

Don't let trash build up to the last day. Sort and dispose of your recyclables on an ongoing basis.

USE A SOFT SPONGE OR CLOTH

Do not use any sharp objects when cleaning surfaces, especially the stove, refrigerator or freezer.

CLEANING REMINDERS

At the end of your License term, you and your roommate(s) are responsible for a thorough cleaning of your living space. At move-out, your living space will be inspected and you will be billed for any missing items or damages beyond "normal wear- and-tear."

Following the cleaning tips and decorating reminders on these pages will help you avoid any unnecessary cleaning or damage charges at the end of your License term.

DECORATING REMINDERS

You have the freedom to arrange your room and apartment furniture to your liking (with the exception of furniture that is bolted down or adhered to the wall). When decorating, keep in mind the following reminders:

DO NO DAMAGE

Just about any method you use to attach something to the wall will cause some damage. To avoid damaging the walls, we recommend that you use blue painter's tape or 3M Command Strips for hanging your things. None of these methods are guaranteed to not damage the walls. Do not use nails or screws. Any damage charges are the responsibility of the resident(s).

KEEP THINGS OFF YOUR DOORS

Mounting posters, signs, or other items on your door is prohibited as it is a fire hazard and can invite vandalism.

IF IT'S NOT YOURS...DON'T MOVE IT

Your room and apartment furniture must remain in your room and should not be placed in common areas. In turn, furnishings from lounges or other common areas may not be put in your room. Violators will be expected to return furniture to its proper location and will be subject to a fee and/or administrative action such as the cancellation of your Student Housing License Agreement.

SHARING YOUR LIVING SPACE

One of the most important relationships you'll have this year is the one you cultivate with your roommate(s).

KEYS TO

Successful Roommate Relationships

EXPECTATIONS

Each person may have a different view of what sharing space means.

COMMUNICATION

Open lines of communication; talk to each other about needs and concerns.

FLEXIBILITY

Remain open to doing things differently than what you are used to.

RESPECT

Respect each other's differences, needs and priorities.

Communication is key when forming and maintaining new relationships.

ROOMMATE COMPLAINTS

In SF State Housing, reports of unjust behavior can be made to any staff member. The staff member will assist or direct you to the appropriate resources to support you with your concern. If you are not comfortable on your floor or in your room or apartment, speak with your Resident Assistant. Staff is available to assist if you wish to have a mediation or conversation with your roommate(s) about expectations in your living space.

People come from their own personal experiences, some of which you may not understand. It is therefore important to stay respectful and flexible with each other. Your room and apartment will serve as a second home to you and your roommate(s), so it is vital you all feel welcome and respected in your own home environment.

ROOM CHANGES

Every effort should be made to resolve any conflicts with your roommate and avoid changing rooms. If you feel that the differences are too extreme or that your safety is a concern, speak with your Area Coordinator about options that may be available. If a room change is necessary, you will be instructed to fill out a 'Room Change Request' form on the Housing Portal, which will be available two weeks after move-in.

VACANCIES IN YOUR APARTMENT

If you have a vacancy in your apartment, you will likely receive a new roommate. Therefore, you should be prepared for a roommate at all times by using only your assigned bedspace

and keeping your apartment clean.

If you will be receiving a new roommate, the Student Housing Office staff will notify you via email of their arrival. Residents who fail to have their room prepared for a new roommate at the time of their arrival may be assessed a cleaning fee of \$500 and may be required to participate in an administrative review.

The Student Housing Office reserves the right to consolidate you with another person if a room vacancy occurs and you do not have another roommate. This means that you may be required to change rooms. Please consult the "Terms and Conditions Student Housing License Agreement Section IV B" for further information.

RESOLVING ISSUES

If you encounter problems with your roommate, we strongly encourage you to go through the mediation process with the Resident Assistant to begin creating an environment that fosters open dialogue in an effort to resolve room/apartment concerns.

We believe sharing space and learning to respectfully co-exist despite our differences, are the hallmarks of a person's development into adulthood. During mediation, all residents involved in the situation will be asked to discuss their concerns and attempt to find a mutually agreeable resolution with assistance from the staff member present.

AVAILABLE SERVICES

It is a violation of your License Agreement to duplicate and/or distribute your keys to others.

LOST KEYS & LOCKOUTS

Your keys are valuable and you should make every effort to keep them secure and in your possession at all times. If you lose your key(s), visit your community front desk to request a lock change. This is a mandatory action that will ensure the security of our community.

LOCKOUT PROCEDURE

If you are locked out of your unit, you may check out a temporary key from your community front desk for up to 30 minutes. Proof of identity will be required before you will be provided access to your space.

Please Note:

- ▶ If the temporary key is not returned to the desk within the 30-minute time frame, an automatic lock change may be initiated for security purposes and you will be charged a lock change fee.
- ▶ When locked out, you will be assisted within a time frame that is reasonably possible, but you may need to wait for available staff.
- ▶ Residents are provided ONE [1] courtesy lockout per academic year. Residents who request an excessive number of temporary keys may be required to verify possession of keys and meet with ResLife staff due to the increased security risk.

*Fees are determined on a case-by-case basis and key cost varies by type.

Lock change fee* **\$50**
Additional key* **\$5-\$50**

REPAIRS AND MAINTENANCE

For any facilities-related issues in your living space, you will need to put in a service request. Unless it is an emergency, service requests will be processed the next business day.

For facilities-related emergencies, contact the on-duty Resident Assistant by going to your community desk.

For all other emergencies, contact the University Police Department (UPD) at (415) 338-2222.

Residents should take the following precautions to help ensure that your living space is free of pests:

THINGS TO KNOW ABOUT YOUR MEAL PLAN

With your meal plan, you are provided a set number of meals per week to be used whenever it is convenient for you. You'll also have flex dollars so that you can purchase Starbucks coffee, meals or snacks to-go from our dining locations.

FLEX DOLLARS

Flex dollars* are funds included with your meal plan to use at City Eats or for retail items at The Bricks. Flex dollars are disbursed two weeks after move-in, in two increments (half the total amount in fall and half in spring) after the deadline to change your meal plan each semester.

Don't have a meal plan? Voluntary meal plans can be purchased at sfstate.sodexomyway.com.

HOW TO USE YOUR MEAL PLAN

Your meal plan is loaded onto your SF State Student ID when you check-in on Move-in Day. Each time you dine in or grab a to-go meal at City Eats or The Bricks, your SF State Student ID will be swiped at the register and one meal will be deducted from your plan. You may use as many meal swipes as you'd like in a day as long as you have them available on your account.

MEAL PLAN CHANGES

You can request a change of meal plan once a semester. The last day to submit a change of meal plan request is:

Fall - August 28, 2023

Spring - February 12, 2024

To learn how to change a meal plan go to housing.sfsu.edu/meal-plan-information.

OTHER WAYS TO PURCHASE

MEALS

USE GATOR DOLLARS! Gator Dollars are the University currency that work like a prepaid debit card with funds kept on your student ID card. Gator Dollars may be used at any participating on-campus dining location including City Eats & Bricks. Gator Dollars can be purchased through the OneCard Office.

Important Things to Know

- ▶ Meals cannot roll over from week-to-week and are not transferable.
- ▶ For mandatory meal plans, unused meals (swipes) expire at the end of Saturdays and load on Sunday for the new week.
- ▶ Because your Student ID is also a key to many of the main doors of our facilities, do not give it to another resident or guest to purchase a meal. This will result in a violation of your license agreement.

WITH A MEAL PLAN YOU HAVE ACCESS TO:

-  Our Registered Dietitian
-  Monthly Promotional Events
-  Cooking Classes

THINGS TO KNOW ABOUT YOUR LICENSE AGREEMENT

By signing the Student Housing License Agreement, you are expected to follow and agree to comply with the Terms and Conditions.

\$ PAYMENTS

Payments are due on the payment date outlined in Part 2 of the License Agreement. Failure to meet the appropriate payment date will result in a late charge of \$50 and possible legal action to collect delinquent housing fees. For details on how to pay, visit housing.sfsu.edu/payments.

RETURNED CHECKS

If a check is returned on your account (whether it is your check or someone else's check) it remains your responsibility to clear the obligation. If you are aware the check with which you made your Housing payment is going to be returned by the bank, contact University Housing so we may advise you as to the proper procedure to clear the check.

Please Note:

- ▶ Your Housing fees are payments to the State of California.

Therefore, if your check bounces you will be liable for an additional sum as defined by the University as a reimbursement of the expenses incurred by the University.

- ▶ A returned check places you in violation of your Student Housing License Agreement and must be cleared immediately to prevent termination of your License Agreement and subsequently eviction.
- ▶ Until the financial obligation is cleared, a hold will be placed on your University record, which restricts you from University services including registration, grades, and transcripts.
- ▶ Payment for returned checks can only be in the form of a cashier's check, money order or cash.

View your License Agreement for more information about payments and returned checks.

CANCELLATION PROCESS

If you meet the cancellation criteria and are eligible to cancel your License Agreement, you will need to provide 30 days' notice by submitting an Intent to Vacate form (ITV), which can be found on the housing portal. Supporting documentation will need to be received within 3 business days. Failure to provide documentation will result in your ITV request to be denied. The Student Housing Office will respond to ITV requests within 5-7 business days of receipt. The approval process may take longer for MSQ residents.

COMMON MISCONCEPTIONS ABOUT CANCELLING

Assuming that your License Agreement will be automatically cancelled because you have submitted an ITV form. You will only be allowed to move out if you have received an official written approval from the Student Housing Office. If you choose to move out even though your ITV notice has been denied, you may be required to pay full fees for the entire academic year as required by the License Agreement. MSQ residents will be expected to pay fees for their entire contract period in full.

Providing 30-days' notice is not the only requirement for cancellation. Approval is only given if the students meet the stated criteria AND provide 30-days' notice. Students who meet the criteria must provide verifiable documentation along with their ITV form. Documentation must be objective or verifiable and support the criteria for requesting a cancellation. For example, if a student says they will need to cancel their Student Housing License Agreement because they are withdrawing from school, they need to provide a copy of their withdrawal form.

END OF YEAR MOVE-OUT

When you move out at the end of the academic year, your room and any shared spaces should be left in the same condition as when you arrived. Be sure to review the Move-out Guide on the Housing website prior to move-out to learn about the check-out process.

Please Note: If you have an outstanding conduct record or violation of any License Agreement or Community Living Standards terms, you may be required to vacate prior to the scheduled check-out date. In some cases, this may be immediate or within 24 hours of your last final. Violations occurring during finals week, which are not adjudicated before the resident leaves, will be placed on hold until the resident returns to campus. This could affect your standing in Housing for the next academic year.

IMPROPER CHECKOUT

In order to avoid improper checkout charges, please be sure to fulfill all of your responsibilities when you move out. Charges can be applied for the following (this is not an exhaustive list):

- ▶ Improper cleaning
- ▶ Not returning your room or apartment to the same condition
- ▶ Not returning key(s) at time of check out (Do not mail your keys)
- ▶ Missing/damaged furniture and fixtures
- ▶ Leaving belongings/objects in room
- ▶ Damaged walls (holes, paint, stains, etc.)
- ▶ Damaged carpet/floors/tiles

X CANCELLING DURING THE FEE PERIOD

A request to cancel your Student Housing License Agreement during the License Term requires thirty (30) days' notice prior to the date that you intend to vacate the facilities. If your request is approved, you will owe an amount equal to a prorated charge for each day from the beginning of the fee period, through the end of the required notice period unless otherwise indicated in the Agreement. The University may grant or deny the Intent to Vacate.

APPROVED REASONS FOR EARLY CANCELLATION

The determination will be based on the following with appropriate verification:

- ▶ **END OF STUDENT STATUS** | Certification from Registrar's Office required.
- ▶ **MARRIAGE OR DOMESTIC PARTNERSHIP** | Certificate required.

FIRE SAFETY, RULES & REGULATIONS

IN THE EVENT OF A FIRE

1 | NOTIFY

Call UPD to report the incident.

What to do if you are Trapped During a Fire

PREVENT SMOKE FROM ENTERING THE ROOM	KEEP LOW TO THE FLOOR	NOTIFY	IDENTIFY YOUR LOCATION
Place a towel at the base of the door to prevent smoke from entering the room.	Keep low to the floor if there is smoke in the room. The majority of oxygen is present near the floor.	Call UPD immediately and report your situation. Be sure to give the name of your building and your room number.	Attract the Fire Department or UPD's attention by hanging an object (bed sheet, jacket, etc.) out the window.

2 | TAKE ACTION

- ▶ Do not try to fight a fire yourself. Go to a fire alarm pull station and pull the lever to activate the building alarm.
- ▶ After pulling the lever, immediately evacuate the building.

TO USE A PULL STATION

Fire alarm pull stations are located in every public area of the Residential Community.

- ▶ Pull up the cover. This will set off a local alarm in the pull station, but does not activate the building alarm.
- ▶ To activate the building alarm, pull down the lever inside the protective cover.

FIRE EVACUATION PROCEDURE

Location of Evacuation Procedures are posted on the bulletin boards in each building or on the back of some resident room or apartment doors.

IMPORTANT REMINDERS

- ▶ Do not assume a fire alarm is false.
- ▶ Do not stop to take valuables.
- ▶ Before passing through any door, feel the door with your hand. If the door is hot, DO NOT touch the doorknob and DO NOT open the door.
- ▶ If it appears safe to open the door, brace yourself against the door and open it slightly.
- ▶ If heat or heavy smoke is present, close the door and stay in the room.
- ▶ Leave the building immediately through the main fire exit as shown on the map on the back of your door or building bulletin board. Do not use the elevators.
- ▶ Because stairwells may also draw smoke, only use the

designated fire exit stairwells. Residents of TCS, TJS, AND VCS should use the end stairwells.

- ▶ Remain away from the building until the Police, Fire Department, or staff member gives the all clear.
- ▶ Follow instructions of the University Police Department and University officials at all times.

Please Note: Residents who do not immediately evacuate the building during a fire alarm are subject to disciplinary action.

RULES & REGULATIONS

- ▶ Fire codes (1988 UBC, Section 3305h1) require doors to be self-closing. The California State Fire Marshal requires that no doors be propped open with any object or dismantling of any door-closing device.
- ▶ It is against University, State, and Federal regulations to tamper with any part of a building fire alarm system, including smoke detectors, fire hoses, or extinguishers. Any person sending a false fire alarm or violating any provision of the State fire laws is subject to University disciplinary action (revocation of their Housing License and/or other formal disciplinary measures) and criminal prosecution.

FIRE DRILLS

In accordance with the University policy, staff members will conduct a fire drill in your building each academic term in order to familiarize residents with the correct procedures should an actual evacuation be necessary.

EARTHQUAKE PROCEDURES

IN THE EVENT OF AN EARTHQUAKE

1 | BE PREPARED

- ▶ Develop a plan for yourself and your roommate(s) and conduct practice drills.
- ▶ Know the evacuation routes and meeting locations.
- ▶ Keep an earthquake bag with:
 - ▶ Water
 - ▶ Extra change of clothes and shoes
 - ▶ Flashlight with fresh batteries
 - ▶ Transistor radio with batteries
 - ▶ Medication and aspirin
 - ▶ Small first aid kit with water purifying tablets, scissors,

small knife

- ▶ Toilet paper and pre-packaged baby wipes
- ▶ Granola bars, candy bars, protein bars
- ▶ Cash
- ▶ Remember to change the water, medication, food and batteries every month to keep them fresh.
- ▶ Keep a list of emergency numbers. Choose an out-of-area friend or relative whom separated family members and friends can call after an earthquake to report their whereabouts and condition.
- ▶ Know the safe spots in each room: under sturdy tables, desks, or against inside walls, etc. Keep them clear of obstruction.
 - ▶ Physically place yourself in those spots to make sure you fit.
 - ▶ Keep those areas clear so you can access them when an earthquake occurs.
- ▶ Know danger spots such as windows, mirrors, hanging objects, tall bookshelves and unsecured furniture.
- ▶ Learn first aid and CPR.
- ▶ Keep breakables and heavy objects on bottom shelves.
- ▶ Secure heavy tall furniture that can topple: bookcases, or wall units.

2 | TAKE ACTION

- ▶ **STAY CALM.** Do not run or panic. If you take proper precautions, chances are you will not get hurt.
- ▶ **STAY WHERE YOU ARE**
 - ▶ If you're in a crowded place, do not rush for the doors. Most injuries occur as people are entering or leaving buildings.
 - ▶ If you're outside, move away from the building and utility wires. Once you are out in the open, stay there.
- ▶ **TAKE COVER**
 - ▶ If the earthquake strikes when you are indoors, take cover under a desk, table, and bench or against inside walls or doorways.
 - ▶ If in a high-rise, stay away from windows and outside walls. Get under a table. Do not use elevators.
 - ▶ The greatest danger is from falling debris just outside doorways and close to outer walls.

3 | ACT ACCORDINGLY

- ▶ After an earthquake, do not attempt to move seriously injured persons unless they are in immediate danger of further injury.
- ▶ Check utility lines and appliances for damage. If you smell gas:
 - ▶ Open windows and shut off main gas valve.
 - ▶ Leave the building and report gas leakage to authorities.
 - ▶ Do NOT use candles, matches, or other open flames.
 - ▶ Do NOT re-enter the building until a utility official says it is safe.

POWER OUTAGES

We sometimes experience energy shortages. If the campus experiences a rolling blackout during the day time, the University will remain open during business hours and regular classes will remain in session. If the blackout occurs in the evening, evening and night classes most likely will be cancelled. Please confirm this with your instructors.

IN THE EVENT OF A POWER OUTAGE

1 | BE PREPARED

- ▶ Have a flashlight with fresh batteries or light “glow” sticks on hand.
- ▶ Have a battery-operated radio with fresh batteries.

2 | TAKE PRECAUTIONS

- ▶ Only use the elevator if you must. The elevator will shut down and stay where it is until the power is restored. The doors to the elevator will NOT automatically open if there is a blackout.
- ▶ Make every effort to conserve energy at all times. Take advantage of natural light during the day and reduce use of electric lighting.
- ▶ Turn off your computer during Stage Three Alerts.
- ▶ Frequently save work on your computer.

3 | BE AWARE

- ▶ During a power outage, emergency lighting will come on in the hallways and stairwells. Please be careful when using the stairs.
- ▶ When the power goes off, there will be NO street lighting. Go places in groups and take a flashlight.
- ▶ Locate Residential Life Staff if you need some extra support during the black out.

IMPORTANT REMINDERS

During power outages, do not drink alcohol, use drugs, or have unprotected sex as a way to ward off boredom. These activities will increase your risk of compromised health and safety.

OTHER EMERGENCIES

IN THE EVENT OF AN ACTIVE THREAT

1 | TAKE ACTION

Quickly leave the area or take shelter in another building if possible. If you cannot leave the area:

- ▶ Close and lock the door.
- ▶ Barricade the door with furniture if possible.
- ▶ Turn off the lights.
- ▶ Block any windows that provide a view of the room to the

outside.

- ▶ Stay away from windows/doors.
- ▶ Seek cover of some kind under or behind furniture.
- ▶ Switch your cell phone to vibrate so it doesn't alert someone of your presence.
- ▶ Do NOT answer the door under any circumstances.
- ▶ Do NOT leave the room until directed to do so by emergency personnel.
- ▶ Remain calm and develop a plan to escape should it become necessary.

- ▶ Notify anyone you encounter as you are leaving that they must exit immediately as well.
- ▶ Do NOT signal the building occupants by activating a fire alarm.

Circumstances that may warrant a shelter-in-place action could include:

- ▶ Severe weather
- ▶ Civil unrest
- ▶ Active threat
- ▶ Biological incident
- ▶ Radiological incidents

The notice to Shelter-In-Place will be issued by emergency personnel via the campus Public Address System or via text messaging, email, or phone call.

GUIDELINES

- ▶ Select a small interior room with no or few windows.
- ▶ Close and lock all windows and exterior doors.
- ▶ Turn off all fans, heating and air conditioning systems, and

SEVERE WEATHER OR CIVIL UNREST THAT POSES A PHYSICAL THREAT

- ▶ Stay inside and move away from windows.
- ▶ Be sure to close all doors connecting exterior offices to the corridor.
- ▶ For extreme weather, relocate to lower levels in the building.

EXTERNAL CHEMICAL, BIOLOGICAL OR RADIOLOGICAL INCIDENT

- ▶ Stay inside and move to an inner corridor or office.
- ▶ Close windows and turn off air conditioners and fans.
- ▶ If possible, move to a higher level of the building to reduce the transfer of contaminated air from the outside. Many chemical agents are heavier than air and tend to hug the ground.

SHELTER-IN-PLACE

Sheltering in place is a protective action taken inside a building to protect the building occupants from external hazards, minimize the chance of injury and/or provide the time necessary to allow for a safe evacuation.

close the fireplace damper.

- ▶ Bring your disaster supply kit and make sure the radio is working.
- ▶ Bring your pets into your shelter area.
- ▶ Use duct tape and plastic sheeting (heavier than food wrap) to seal cracks around doors and vents during biological, radiological, chemical exposure, and pandemic outbreaks.
- ▶ Listen to your radio or television for further instructions and updates.

CONDUCT INITIATION

- ❶ Alleged violation occurs and your name is cited as being a witness or possibly involved. Most often this is in the form of an informational report or police report.
- ❷ You are provided information that the incident may reflect a violation of Housing or University Policy violations. Usually, this is a letter sent to you to discuss the incident with your Area Coordinator (AC), Resident Coordinator (RC), or Residential Life Administrator/Professional.
- ❸ You will have a meeting with your AC, RC, or Residential Life

Your Rights

Understand the process and how it impacts you.	See any charges or allegations against you in writing.	Receive a written outcome of your case upon resolution.	Be able to state your case.	Appeal your case based on appropriate criteria for appeal.

Administrator/Professional to determine the level of your involvement and/or responsibility for the incident and policy violation.

POSSIBLE SANCTIONS AND OUTCOMES

If it is determined you are responsible for the incident or policy violation, the following outcomes may be employed depending on the nature of the incident and policy violation and/or previous involvement in other incidents and/or policy violations:

- ▶ You may receive a written warning
- ▶ You may receive probation (meaning future policy violations may result in your housing license being cancelled)
- ▶ You may be relocated out of your current room and/or community (please note that different room types may have a different rate)
- ▶ You may be referred to other campus support services for intervention, education and support
- ▶ You may be referred to the Office of Student Conduct for further conduct review
- ▶ You may be referred to the University Police Department for criminal investigation
- ▶ You may be immediately removed from the residence halls (revocation of license agreement)
- ▶ You will receive an official letter outlining the policy violations for which you are being held responsible and the sanctions resulting from said violations. You will also receive your appeal rights and procedures.

APPEAL PROCEDURES

Requests for an appeal must be made in writing by the resident whose actions were the subject of the conduct meeting or review. The appeal request must indicate one or more of the following:

- ▶ The incident/activity in question was not a violation of the Student Housing License Agreement, the University’s Student Code of Conduct, the Guide to Community Living

CONDUCT EXPECTATIONS

All residents are also responsible for knowing, understanding, and abiding by the rules and standards of the residential community and to conduct themselves within the following parameters:

- ▶ Sections 41 301 through 41 304 of Title V, California Code of Regulations (the University’s Code of Conduct specifies those terms and is included in Appendix B of the University Bulletin)
- ▶ The Housing License Agreement. In addition to individual resident copies, reference copies are available through the Student Housing Office in Mary Ward Hall.
- ▶ The guidelines included in this guide and reflected in the University Housing web page.
- ▶ All University rules and regulations now or later in effect.

Established patterns of behavior that continue to affect the larger community may result in revocation of the License Agreement. Alleged violations of the License Agreement may also be subject to review from a criminal or student conduct code.

As many of our University Housing policies are based on University policies and/or State and Federal laws, a policy violation may be considered appropriate for one or more levels of review:

- ▶ University Police for criminal review
- ▶ Campus Conduct Officer for University review
- ▶ University Housing review

Your Responsibilities

Knowing and adhering to campus and housing policies.	Reading your housing license and Community Living Standards Guide.	Attending your appointments with Student Housing and/or Residential Life.	Being truthful when providing information to campus officials.	Providing campus officials with verification of your identity (SF State ID).

handbook, or any other University rule or regulation.

- ▶ The resident's student rights were violated by the administrative process.
- ▶ The findings were unsubstantiated.
- ▶ The sanction or outcome was inconsistent with prescribed sanctions/outcomes for similar cases, or additional, relevant information has become available since the hearing that is sufficient to alter the Hearing decision.

ISSUES OF CONCERN

Due to their impact on resident and community safety, there are some community standards which, if found responsible for violating, may lead to License Agreement cancellation on the first offense:

- ▶ Possessing Common Source Containers of Alcohol- e.g. kegs, large containers of alcohol or massive quantities of alcohol exceeding personal consumption.
- ▶ Intent to sell or distribute illegal or prescription drugs.
- ▶ Theft: Theft of state or personal property.
- ▶ Endangerment to Self or Others: Threats or physical assault of a member of the campus community, including harm to self or others, such as physical violence, attempted suicide or creating a situation which threatens the physical safety of a person or the community.
- ▶ Expelling or Throwing Objects from a Window: Expelling objects of any kind from a window, regardless of the nature of the object.
- ▶ Tampering with Fire or Other Safety Equipment or Systems: This includes pulling fire alarms, fire extinguishers, alarm systems, security cameras, doors, etc.
- ▶ Dangerous Items: Possession, use or brandishing of dangerous items, including knives, explosives, fireworks, air or paint ball guns, weapons, including the misuse of personal safety

devices.

- ▶ Urination or Defecation: Urination or defecation in any area other than a toilet.

EVICTION OFFENSES | CANCELLATION OF THE HOUSING LICENSE AGREEMENT

A meeting outcome which recommends cancellation of the Housing License Agreement usually initiates a meeting with a Residential Life Administrator (or designee). Exceptions to the meeting include compelling circumstances when the quality of community life may be in serious and immediate jeopardy; therefore, a resident may be asked to leave immediately prior to a meeting occurring and then may be re-instated if cancellation of the License is deemed to be not appropriate.

Barring exceptional circumstances, the University may cancel the License Agreement for any reason indicated in the Agreement by giving at least 72 hours written notice to the resident. Notice is either served personally upon the student or posted in a suitable place within the housing facility of the resident. Cancellation of the License Agreement or the resident's abandonment of the premises does not release the resident from paying any obligation due the University.

REFERRALS AND ADDITIONAL ACTION

Depending on the policy violation in question, referrals may be made to the University Conduct Officers and/or the University Police Department for legal action. Examples of policy violations resulting in referrals to one or both agencies listed above include (but are not limited to): destruction of state property; false fire alarms; bomb threats; use, sale, or possession of illegal drugs; assault; and violation of State, Federal, or local laws.

Every member of the residential community, staff, as well as residents, has responsibilities for maintaining a living/learning environment that is safe and enhances the University's academic experience.

The California State University (CSU) is committed to maintaining an inclusive and equitable community that values diversity and fosters mutual respect. We embrace our community differences in Age, Disability (physical and mental), Gender (or sex), Gender Identity (including non-binary and transgender), Gender Expression, Genetic Information, Marital Status, Medical Condition, Nationality, Race or Ethnicity (including color, caste, or ancestry), Religion (or religious creed), Sexual Orientation, Veteran or Military Status. All Students and Employees have the right to participate fully in CSU programs, activities, and employment free from Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking and Retaliation.

The CSU prohibits the following conduct:

- ▶ Discrimination based on any Protected Status: i.e., Age, Disability (physical and mental), Gender (or sex, including sex stereotyping), Gender Identity (including transgender), Gender Expression, Genetic Information, Marital Status, Medical Condition, Nationality, Race or Ethnicity (including color, caste, or ancestry), Religion (or religious creed), Sexual Orientation, and Veteran or Military Status.
- ▶ Harassment based on any Protected Status.
- ▶ Sexual Harassment, including hostile environment and quid pro quo ("this for that").
- ▶ Dating or Domestic Violence, Sexual Exploitation and Stalking.
- ▶ Sexual Misconduct.
- ▶ Prohibited Consensual Relationships.
- ▶ Retaliation for exercising rights under this policy, opposing conduct that a person believes in good faith is Discrimination or Harassment because of a Protected Status, or for participating, in any manner, in any related investigation or proceeding.

The Title IX Coordinator is appointed by the campus president to coordinate compliance with Title IX; VAWA/Campus SaVE Act; and other related state and federal laws prohibiting Discrimination, Harassment and Retaliation based on Gender or sex, including Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating and Domestic Violence and Stalking.

TITLE IX NOTICE OF NON-DISCRIMINATION

San Francisco State University does not discriminate on the basis of gender, which includes sex and gender identity or expression, or sexual orientation in its education programs or activities. Title IX of the Education Amendments of 1972, and certain other federal and state laws, prohibit discrimination on the basis of gender or sexual orientation in employment, as well as in all education programs and activities operated by the University (both on and off-campus).

The protection against discrimination on the basis of gender or sexual orientation includes sexual harassment, sexual misconduct, and gender-based dating and domestic violence, and stalking.

SAFETY OF THE SF STATE COMMUNITY IS PRIMARY

SF State's primary concern is the safety of its campus community members. The use of alcohol or drugs never makes the victim at fault for sexual discrimination, harassment or violence; therefore, victims should not be deterred from reporting incidents of sexual violence out of a concern that they might be disciplined for related violations of drug, alcohol or other SF State policies. Except in extreme circumstances, victims of sexual violence shall not be subject to discipline for related violations of the Student Conduct Code.

CONSEQUENCES OF COMMITTING ACTS OF SEXUAL VIOLENCE

Individuals alleged to have committed sexual assault may face criminal prosecution by law enforcement and may incur penalties as a result of civil litigation. In addition, SF State employees and students may face discipline/sanctions at campus. SF State employees may face sanctions up to and including dismissal from employment, per established CSU policies and provisions of applicable collective bargaining unit agreements.

SF State students charged with sexual discrimination, harassment or violence will be subject to discipline, pursuant to the CSU Student Conduct Procedures (see Executive Order 1098 at calstate.policystat.com/policy/8453518/latest) and will be subject to appropriate sanctions. In addition, during any investigation, SF State may implement interim measures in order to maintain a safe and non-discriminatory educational environment. Such measures may include immediate interim suspension from the university, required move from university-owned or affiliated housing, adjustment to course schedule, or prohibition from contact with parties involved in the alleged incident.
